

RE-CERTIFICATION CHECKLIST

The time has come to recertify your Michigan Clean Marina status.

This checklist contains one set of boxes and one set of circles for each question. The "N/A" option is offered for those items which do not apply to your operation. Selecting "N/A" will not be counted against you in the scoring process. This checklist must be completed, signed and submitted to MBIA prior to requesting a marina site visit by a certification specialist. Your recertification is valid for 5 years.

CHECK ITEMS BELOW THAT APPLY

BOAT STORAGE:

- Seasonal in-water slips, number: _____
- Transient in-water slips, number: _____
- Rack in-and-out service, number: _____
- Outside winter storage
- Inside cold winter storage
- Inside heated winter storage

MARINA AMENITIES:

- On-site management
- Security at marina entrance
- Swimming pool
- Children's playground equipment
- Clubhouse or pavilion
- Restaurant
- Banquet facilities
- Tennis court
- Basketball court
- Fish cleaning station
- Cable TV
- WiFi

INFRASTRUCTURE:

- Paved roads
- Storm drains
- Green belts between roads, lake and canals
- Bottom wash filtration
- Bottom wash water recycled
- Bottom wash discharged to sewer
- Floating docks
- Fixed docks
- Bulkheads
- Petroleum storage, aboveground, gallons: _____
- Petroleum storage, underground, gallons: _____

ON-SITE MARINA SERVICES:

- New boat sales
- Used boat sales
- Brokered boat sales
- Diesel fuel pumps
- Gasoline fuel pumps
- Pump-out facilities
- Sundries store
- Mechanical/engine shop
- Canvas shop
- Fiberglass repair shop
- Boat bottom washing
- Hoist service
- Launch ramp for trailerable boats

OUTSIDE CONTRACTORS ALLOWED ON-SITE TO PERFORM:

- Oil changes
- Winterization
- Other mechanical or engine work
- Bottom sanding and painting
- Fiberglass repairs
- Canvas work

OTHER:

- _____
- _____

DESCRIBE FACILITY

Operation (check only one):

- Operated by state or municipal government
- Privately owned/operated

Type of facility (check only one):

- Harbor of Refuge (limited services)
- Full service marina (dockage, pump-out, boat maintenance, etc.)
- Other (describe): _____

MANDATORY PRACTICES

KEY ORIGINAL CERTIFICATION
 RECERTIFICATION

YES	NO	N/A		YES	NO	N/A		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M1. Marina development and expansion projects along the Great Lakes, including dredging, will require a joint permit from the U.S. Army Corps (USACE) and the Michigan Department of Environmental Quality (MDEQ). These agencies will ensure that marina construction and dredging will be done in an environmentally sensitive manner.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M7. Have you provided the required number of fire extinguishers for all marina buildings and prepared for annual inspections as required by the National Fire Protection Association's standards for marinas and by the local fire authorities?	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A. Have you received the proper permits for all past marina construction and dredging?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M8. Do you keep a file of Safety Data Sheets (SDS) for all products used at your facility, as required by the Occupational Safety and Health Act (OSHA) of 1970 (29 USC Sec. 657) stored in a publicly accessible location?	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	B. Do you pledge that proper permits will be obtained for all future marina construction and dredging?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M2. Proper fuel storage is critical, particularly for marinas with aboveground fuel systems that are on or near bodies of water.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M9. Because of the harm associated with petroleum, the discharge of oil is prohibited. The Federal Water Pollution Control Act prohibits the discharge of oil or oily waste into or upon the navigable waters of the United States. The United States Coast Guard must be notified any time a spill produces a sheen on the water. Have you posted the National Response Center phone number (800) 424-8802 appropriate areas of your marina to allow for the proper notification of a spill?	
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		A. Does your fuel system have a double walled configuration or a secondary containments system (or both) to prevent accidental fuel releases?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		B. Do you have appropriate barriers (guard posts) to protect storage tanks and dispensing systems from damage?	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	C. Are your tanks properly labeled?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	M10. All spills must also be reported immediately to MDEQ. Have you incorporated this step in your protocol?	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M3. A marina located on Great Lakes public trust bottomlands will require authorization from MDEQ in the form of a lease under Part 325, Great Lakes Submerged Lands of the NREPA. The lease requires an annual fee be paid to MDEQ and will contain conditions for the use and occupancy of bottomlands. If applicable, does your marina have a valid lease with the MDEQ?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	M11. Michigan is a "No Discharge" state (effective on all freshwater bodies). It is illegal to discharge raw and/or treated sewage from a watercraft. Michigan law, NREPA Act 451, Part 95, requires that all docking facilities provide pumpout stations or have a signed agreement with another facility to accommodate pumpouts for vessels. Does your marina have a signed agreement or provide a pumpout that will empty boat holding tanks and porta-potties and dispose of waste in an acceptable manner?	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M4. The use of ethylene glycol antifreeze for winterization is prohibited. Do your best management practices require the use of propylene glycol, a non-toxic antifreeze?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	M12. Does your marina provide clean, functional restrooms that are open 24-hours a day to encourage people not to use their boat's bathrooms while in port?	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M5. At your marina fuel dock, have you removed all fuel nozzle holding clips and installed automatic back pressure shutoff nozzles on fuel pump discharge hoses in accordance with Michigan law?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	M13. It is illegal to dispose of fish waste in the water. Does your marina provide a fish cleaning station or contractually bind your customers to the proper disposal of fish waste?	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	M6. The U.S. Environmental Protection Agency's (EPA) Oil Pollution Prevention Regulation requires that marinas prepare and implement a plan to prevent any discharge of oil into navigable waters or adjoining shorelines if the facility has an aggregate aboveground oil storage capacity greater than 1,320 gallons. If your marina falls under these guidelines, have you prepared a Spill Prevention, Control and Countermeasure (SPCC) Plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	M14. The dumping of pet waste into the water is illegal. Does your marina provide dog walks or contractually bind your customers to the proper disposal of pet waste?	
						M15. To protect the waters of the State by minimizing erosion and controlling sediment, NREPA Act 451, Part 91 requires a permit for any earth change that disturbs 1 more acres, or is within 500 feet of a lake or stream.		
							A. Have you received the proper erosion permits for all past marina construction?	
						B. Do you pledge that proper erosion permits will be obtained for all future marina construction?		
						M16. If required, do you have a Stormwater Pollution Prevention Plan (SWPPP)? See Clean Marina Classroom for details.		

RECOMMENDED BEST MANAGEMENT PRACTICES

KEY ORIGINAL CERTIFICATION
 RECERTIFICATION

YES	NO	N/A		YES	NO	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R1. Do you have a current written emergency response plan that is readily accessible to trained staff?				R7. Stormwater runoff is precipitation that has not been absorbed by the ground. Do your best management practices:
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A. Cultivated vegetated areas particularly as buffers between parking lots, roads, upland property and the water's edge?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R2. Do you use best management property practices such as fixed or floating piers to enhance water circulation, avoid exotic timbers or wood treated with creosote, and limit shaded areas over the water by limiting the number of covered slips?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	B. Only paving necessary areas?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	C. Labeling storm drains, stating no dumping and indicating that the drain empties to the lake?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	R8. Your best management practices also apply to any of the services which you may sublease at your marina. You may not answer "N/A" to any of the questions that apply to service tenants. You must, at a minimum, tie your best management practices into those lease agreements. Do your best management practices for boat repair and maintenance include:
			R3. Dry-stack storage provides various environmental benefits compared to adding additional wet slips.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	A. No sanding or blasting work of any sort carried out by individual boat owners or their contractors unless it is done inside one of the designated shops or a vacuum sander is used and the residue properly disposed of?
<input type="checkbox"/>	<input type="checkbox"/>		A. Do you operate a dry-stack facility outside of season? If no dry-stack facility, mark "N/A" on B-D.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	B. Renting or loaning vacuum sanders for use by tenants and contractors?
<input type="radio"/>	<input type="radio"/>			<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	C. Restricting the power washing of boats to a designated area within the marina?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	B. Do you control stormwater runoff from dry-stack areas?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	D. Have you installed infrastructure improvements to your power washing area which include:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					Filtration of particles?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>					Recycling the wash water?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	C. Do you keep your dry-stack forklifts well-tuned to prevent grease or oil from dripping onto staging areas or into the water?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	E. Have you restricted spray painting, spraying of fiberglass or other chemicals unless it is done inside a designated shop?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	F. Have you restricted painting outside of designated shops to the use of rollers and brushes with proper use of tarps and tenting to protect the surrounding area?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	D. Do you have provisions in place to handle accidental spills and absorbent booms to collect any grease or oil in the dry-stack launching and retrieval area? Are these in place in the off season?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	G. Have you implemented procedures for proper and environmentally sensitive engine maintenance?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	H. Do you regularly inspect and repair fuel transfer equipment?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R4. If your marina owns any upland property, have you used this property to store service operations, parking and boat storage away from the water where feasible?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	I. Do you train staff to promote environmental precautions while fueling? Do you have documentation of content you provide during staff training?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R5. If the marina owns sensitive adjacent land, have you placed or explored the protection of this land in a conservation trust?				
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>					
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R6. Do you practice water conservation through the use of:				
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	A. Measured watering and water wise landscaping (e.g., watering deeply and infrequently, selecting native plants, only watering "thirsty" plants)?				
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	B. Promoting hand weeding and efficient landscaping, including mulch to reduce use of toxic chemicals?				
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	C. Proper installation and maintenance of freshwater outlets?				
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	D. Installation of low-flow faucets, toilets and/or shower heads?				
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>					
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	E. Installation of automatic faucets and/or toilet fixtures, including waterless urinals?				
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

YES	NO	N/A		YES	NO	N/A			
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R8. Cont.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R10. Once you have adopted Clean Marina Best Management Practices, have you communicated these BMPs to your employees, tenants and contractors by:		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		J. Have you implemented procedures for the proper and environmentally sensitive operation of the fuel dock facility?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	A. Training your employees so they comply with your BMPs including stormwater pollution, equipment and chemical use, emergency response procedures and fuel spills or inappropriate discharges?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		K. Do you offer spill-proof oil changes or have a recycling center to contain used oil for boaters who perform their own oil changes?	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	B. Properly training employees and maintaining training records?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		L. Do you perform regular maintenance on your yard equipment (forklifts, tugs, trailers, hoists, etc.) and machinery, taking precautions to minimize any grease or oil spills and leaks?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	C. Developing a procedure to approach boaters or contractors who are not following the BMPs?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		M. Do you provide for oil filter disposal, preferably with a oil filter crusher, to reduce the size of the disposal waste?	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	D. Including language regarding BMPs in your contracts?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		N. Do you store oil spill response equipment in readily accessible locations such as the fuel dock and any launch areas?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	E. Posting signs regarding your BMPs throughout the marina?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		O. Is the operation of the fuel pumps and pumpout restricted to trained personnel only?	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	F. Providing education to your boaters and contractors through direct mail, email or other sources?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		P. Is your pumpout connected to the municipal sewer?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	G. Hosting walking tours of the facility or using public relations and customer recognition to demonstrate and promote best management practices?
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		Q. If you are not connected to a public sewer, is your septic or private sewage treatment system regularly maintained?	<input type="checkbox"/>	<input type="checkbox"/>		<input type="checkbox"/>	H. Utilizing signage and/or other notices to warn boaters about their role in controlling the spread of aquatic invasive species?
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		R. Do you provide convenient, adequate and screened dumpsters that are away from the water to prevent trash from going in the water?	<input type="radio"/>	<input type="radio"/>		<input type="radio"/>	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	R9. In addition to the SDS files required by OSHA and covered under question M8 of this Checklist, do your hazardous materials best management practices require the following:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		A. Proper storage, use and disposal of hazardous materials? Recycling if possible?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		B. Minimizing your use and storage of hazardous materials?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		C. Proper disposal of plastics such as shrink-wrap?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		D. Proper disposal of batteries? Do you offer a recycle option?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		E. Working with your local trash hauler to participate in any recycling programs?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		F. Tracking incidents of pollution?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		G. Keeping all hazardous materials on an impervious (non-porus) surface, away from floor drains, on containment device?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		H. Following recommended waste disposal methods?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>		
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>			<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>		

Summarize any changes and improvements which have been made since your last certification:

Related to future plans, please indicate any changes to procedures and practices which are currently being considered along with the tentative time frame for these future plans:

Please list any suggestions that the Michigan Clean Marina Program should consider to improve participation, communication and overall benefits to participants and the environment:

Please share testimonials, benefits or return on investment that your marina has received as the result of your certification as a Michigan Clean Marina:
