

CLEAN MARINA CLASSROOM LIVE

APRIL 18, 2019 | BAY HARBOR, MICHIGAN

CLEAN MARINA CLASSROOM COMES TO YOU

On April 18, 2019, the Michigan Clean Marina Program will offer an in-person workshop at the Inn at Bay Harbor. Michigan Sea Grant staff and a local Clean Marina certification consultant will cover the important lessons from the online classroom tied to mandatory and recommended best practices to become a Clean Marina.

Weather permitting, participants will tour the nearby Bay Harbor Lake Marina & Yacht Docks and its best practices. The workshop is open to marinas that are interested, newly pledged, or up for re-certification in 2019.

Clean Marina Classroom Live participants will:

- Get a head start on the path toward certification.
- Work one-on-one with Clean Marina coordinators and certification specialists.
- Engage in interactive presentations that highlight the classroom's most important lessons and recommendations.
- Get tips from certified Clean Marinas.
- Offer honest feedback about the current classroom and resources.

This is your opportunity to learn important best practices, achieve classroom certification, and plan your Clean Marina site visit — all in one place, at one time!

BAY HARBOR

When: April 18, 2019, 8:30 – 4:00

The Michigan Clean Marina Program is a cooperative effort of the Michigan Boating Industries Association, the Michigan Department of Natural Resources, and Michigan Sea Grant. Financial assistance for this program is provided, in part, by the Michigan Clean Marina Foundation, a 501 (c) (3) organization, and Michigan Coastal Zone Management Program, Office of the Great Lakes. In addition, the program is supported by the Great Lakes Restoration Initiative through the National Oceanic and Atmospheric Administration.
