WE PLEDGE TO:

- Become cooperative partners with the Michigan Clean Marina Program;
- Strive for continuous improvement in our daily environmental stewardship practices;
- Actively work to identify opportunities for practical or innovative practices that reduce and/or eliminate releases and discharges of harmful pollutants, sediments, the spread of invasive species, general refuse, and anything else that can damage aquatic environments at our facility, and in adjacent waterways; and
- Educate our marina staff, contractors and boating constituents about best management practices, and pollution prevention guidelines.

We understand that in return for our commitment, and certification as a Clean Marina, we will be eligible to receive all related benefits and recognition through the Michigan Clean Marina Program.
